Memo.No.CGM(Adm,IS&ERP)/DS(Adm)/EE(A)/Dy.EE(A-II)/AEE-II/F.100(ii)/D.No.212/25,Dt:03.07.2025

**Sub: Estt.-APGENCO-E.S.-Certain conditions on transfer & posting of
Personnel posted to remote Hydel Stations - Issued.**

Hydel Power Stations play a major role in the overall economic operation of APGENCO and are life line for the grid maintenance due to the short startup time and very fast ramp rates. Most of the hydro stations are being operated in peak hours wherein cost of power procurement in power exchanges is more, thereby enabling to serve the consumer with economical tariff. It is very essential to support with adequate manpower to enable to operate these hydel units for generating power at low cost.

2. It is observed that employees who were posted to Hydel Stations are vehemently opposing posting and exerting pressure for change of posting.

3. After careful consideration, it is hereby ordered that the employees who are working in remote hydel stations, specifically Lower Sileru Hydro Electric Station, Donkarai Canal Power House, Upper Sileru Hydro Electric Station, Machkund Hydro Electric Station, will be transferred on completion of Three (3) years from the date of joining, to plain areas. Those who are willing to stay however will be continued there, upon request.

The above orders are in force w.e.f.01.04.2025.
