

Andhra Pradesh Power Generation Corporation Limited

National Cyber Security Awareness Month- October

Cyber Security Awareness Tips:

Network Security

1. Beware of phishing emails — verify sender before clicking links or attachments.
 2. Think before you click — suspicious pop-ups and ads can be malware traps.
 3. Avoid using public Wi-Fi for official work.
 4. Do not share Wi-Fi hotspot from personal phones for work use.
 5. Check website URLs carefully — look for HTTPS & correct spelling.
 6. Hover over links to verify before clicking.
